SAFETY TIPS and RESOURCES:

*Alcohol and other drugs are often used to create vulnerability to sexual assault. Studies show a high correlation between acquaintance/non stranger rape and the use of alcohol and other drugs.

*Be an active bystander. When you observe conflict or unacceptable behavior, take steps to make a difference: assess the situation, evaluate options, and select a strategy for response. That could include reporting suspicious persons or behavior to Public Safety or the local police.

*Visit the ETSU Violence Free website (<http://www.etsu.edu/violencefree/>) to learn about reporting options, counseling services, and other campus resources.

CONSENT DEFINITION:

An informed decision, freely given, made through mutually understandable words or actions that indicate a willingness to participate in mutually agreed upon sexual activity. Consent cannot be given by an individual who is asleep; unconscious; or mentally or physically incapacitated, either through the effect of drugs or alcohol or for any other reason; or, is under duress, threat, coercion, or force. Past consent does not imply future consent. Silence or an absence of resistance does not imply consent. Consent can be withdrawn at any time.
