The Applications tab is the hub for student engagement apps

2. Holds

- Hold Center informs students of holds on their account, provides information about the hold, and outlines clear action steps and resources to resolve the hold.
- Selecting the link or icon takes the student to the Hold Center. All holds are displayed on this page.
- Students select the hold they want to learn more about.
 Information includes the following list:
 - o Reason of the hold
 - Amount due (if applicable)
- Under How to Resolve this Hold, General, the following contact information is available (if applicable):
 - Phone Number
 - Website
 - Location (with directions to corresponding office)
 - o Email Address
- If the student has a hold that was not resolved, but has an end date before the current date, it appears in the *Past* Holds section of the Holds table.

3. Places or Resources

- View addresses for different *Places* on campus, such as buildings, student support programs, student activities, and places to eat.
- View contact information for *People*, including the staff apart of your Success Team. This can include your Academic Advisor, an Athletics Advisor, IES Advisor, Veterans Advisor, Career Coach, TRIO Advisor, and Housing Personnel.

Places Resources

4. Appointments

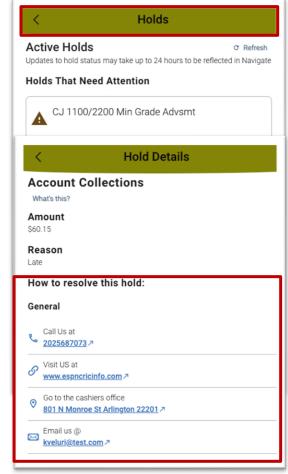

- o Students can schedule appointments through the Appointments tab
- o Refer to the Appointments User Guide

5. Study Buddies

- Study Buddies lets students connect with other students in their class sections who are interested in studying together outside of class.
- o Refer to the Study Buddies User Guide

The Applications tab is the hub for student engagement apps

6. Checklist

- o Checklist lets students view personal To-Dos and staff-assigned To-Dos
- o Refer to the To-Dos User Guide

egree Work

7. My Docs

Allows students to see Notes that an advisor has made visible to you

8. Notes

Allows students to see Notes that an advisor has made visible to you

9. D2L

This app redirects you to ETSU D2L

10. Student Email

This app redirects you to your ETSU Outlook

11. Degree Works

o This app redirects you to your ETSU Degree Works

12. Class Schedule

o This app redirects you to your Class Schedule

13. Navigate Instagram

o This app redirects you to ETSU's Navigate Instagram for tutorials, tips, and tricks

14. Surveys

 If you've had an appointment at a Location that asks Appointment Feedback Surveys, surveys will appear here per appointment

15. Account

• This app shows you your E #, email, and pronouns. It also lets you change your notification preferences. Turn on all notifications to receive all reminders from Navigate.

16. Forage

 Provides students FREE "day-in-the-life" virtual job simulations from leading companies and creates an inclusive path to successful early careers. Forage job simulations help connect students to great jobs by:

- Helping students build real-world job skills that they can add to their resume and/or LinkedIn profile
- Allowing students to explore careers, industries, and companies for FREE, at their own pace and on their own schedule
- Offering simulations from leading companies looking to hire motivated students
- When signing up, we recommend using your ETSU email address as you will be given the option to merge your Navigate profile to customize your Forage experience based on major, concentration, etc.
 After you've signed up, you can edit your account to add a secondary email, such as a personal email, so you continue to have access to your account after graduation.
