Embed a Video or Audio File

You can embed Video or Audio files that you have hosted outside of D2L such as YouTube.

Embed Video or Audio:

1. After logging into D2L, click **Content**.

2. Choose the Module in which you would like to embed your video or audio file.

3. Click the blue **New** button and choose **Video or Audio**.

4. Under the **Web Video or Audio** tab, **paste the link** to your video file.

   (**Do not** choose Upload.)

5. Edit the title for your video.

6. Click **Save**.
