No retake required	No retake required	Retake required for students scoring less than 90% Passing Predictability** less than 83%	Retake required for students scoring less than 90% Passing Predictability** less than 90%
Complete a HANDWRITTEN typed active learning template for each specific topic missed in major content areas scoring less than 80% on the Individual Performance Profile (1 %)			
Total Percent = 10/10	Total Percent = 9/10	Total Percent = 7/10	Total Percent = 6/10

* Each student's focused review materials are created based upon the questions the student missed. Please take students' test scores into account when assigning time to spend in remediation, as a higher score means less focused review materials will be available.

** For students who earn **90% or above Passing predictability 83% or higher** on the required retake, **an additional 2% will be added.**

Students, who have not completed the Practice Assessments A and B, **WILL NOT BE allowed to test on the scheduled testing day and course late penalties may apply.**
