## More Information About Virtual Commencement

As many of you already know, commencement is one of my favorite days of the year, which is why it was difficult to announce that we will not hold a traditional in-person commencement ceremony next month for the Class of 2020. We have all had a few weeks to process this news and instead of focusing on what “could have been,” I am asking our ETSU family to look forward to what is on the horizon.

It is my sincerest hope that everyone will participate in the Virtual Commencement Ceremony on Saturday, May 9. While I understand that in many respects this is not the experience our graduates had in mind, a virtual ceremony offers a unique opportunity for us to gather together and safely celebrate the many accomplishments of our students. Even in a virtual setting, we will continue to uphold the traditions of our great University. There will be performances from the Department of Music, special messages of encouragement and reflection, and most importantly, I will confer degrees on behalf of the ETSU Board of Trustees.

In listening to the feedback from our students, we are making every effort to ensure this is a personalized experience. Each graduate will have the opportunity to attend a virtual ceremony for their respective college. In addition to having their name called, each member of the Class of 2020 may submit a photo to be shown during the virtual ceremony. (See instructions below)

More information on how to watch the Virtual Commencement Ceremony will be provided closer to the date. I look forward to celebrating the Class of 2020 during this special event.

## New Option for Paying Fall 2020 Fees

Registration for the fall 2020 semester has already begun. This year, ETSU students will have three options for paying their fees. These include:

- Pay-in-full option
- Four-installment payment plan
- NEW five-installment payment plan that begins this fall

Those wanting to take advantage of the five-installment plan will need to make their first payment on or before July 31. More information about these options will be available from the Bursar's Office.

In addition, the fee payment deadline for fall 2020 will be Monday, August 17, at 6 a.m. The new deadline for fee payment is earlier than in the past and allows ETSU offices and staff members to be available to assist students with any issues that might cause disenrollment from classes due to fee non-payment. To learn more, visit the [Fee Payment Information site](#).

## Update on CARES Funding

Announced last week, the CARES Act stimulus funding provided by the federal government will help support students with financial needs that have emerged as a result of the COVID-19 pandemic. Implementation protocols that will provide details for the distribution of these funds are forthcoming. We are deeply grateful to Senator Alexander, Senator Blackburn and Congressman Roe for their leadership in making these funds available to our students. I will provide additional information about the availability of these funds soon.

# Follow-up Regarding Announcement from Governor Lee Regarding Safer-at-Home

Earlier this week, Governor Bill Lee announced that the Safer-at-Home order he had issued will expire on April 30. With this announcement, we will see local businesses begin the process of reopening as early as next week. The university will continue to monitor this situation very closely. Until further notice, all ETSU faculty and staff will continue to work remotely. Access to campus facilities continues to be limited. I will keep you updated as more information becomes available.
