Dr. Mary Ann Littleton

*Associate Professor,
Department of Community and
Behavioral Health,
East Tennessee State University*

Dr. Mary Ann Littleton, an associate professor in the Department of Community and Behavioral Health in ETSU's College of Public Health, is locally and nationally known as a leader in community-based teaching and learning and interprofessional education.

Dr. Littleton was one of the primary faculty members involved in ETSU's Interprofessional Rural Track program, a collaborative initiative of the colleges in the university's Academic Health Sciences Center that was funded by the Kellogg Foundation. Through this program, teams comprised of students in public health, nursing, medicine and related fields learned and worked together while affecting change in rural Appalachian communities. She designed "Trilogy: An Innovative Course Sequence for Training Community Health Professionals," an award-winning series of three courses in which student teams assess community health needs, design a community-based intervention program or policy to address those needs, and then implement and evaluate that intervention with community input.

Dr. Littleton also led the design and implementation of ETSU's online Master of Public Health in Community Health degree program, which offers courses completely online and allows working professionals, parents and other non-traditional students to complete a rigorous program of study in this field. In addition, she has guided over 100 projects through community-based learning courses at the master's and doctoral levels.

Praised by her students for her enthusiasm, patience, encouragement and understanding, as well as for the effectiveness of her teaching method, Dr. Littleton was presented ETSU's 2016 Distinguished Faculty Award in Teaching.

Dr. Littleton holds a B.A. degree in psychobiology from the University of California at Santa Cruz and underwent secondary science teacher training in Sierra Leone, West Africa, through the U.S. Peace Corps. She earned her Ph.D. in health education and promotion at the University of Alabama-Birmingham, where she taught and served as a research coordinator for Community Health Advisor Programs before joining the ETSU faculty in 2002.

In addition to her academic career, Dr. Littleton has worked as a licensed massage therapist and has 25 years of training and practice in various healing art techniques, including meditation, yoga, qigong and t'ai chi.

Mr. George Nichols

*Charter Member of the
Urban Financial Services Coalition,
Inaugural Inductee,
National Army ROTC Hall of Fame*

George L. Nichols was born and grew up in Johnson City and graduated from Langston High School in 1958 as salutatorian of his class. After graduating from Langston, he was a member of the first undergraduate class to integrate East Tennessee State College, now ETSU, in the fall of 1958.

At ETSC, Nichols majored in biology. During the first years at the integrated ETSC, African American students could not join most student organizations. In his senior year, Nichols was the first African American to be accepted into the college's marching band. During his junior year, he enrolled in Advanced ROTC, which meant that upon graduation he would have a commitment as an officer in the U.S. Army. He was invited at the beginning of his senior year to join Scabbard and Blade, a military honor society. Nichols graduated in 1962 and was the first African American to be commissioned a 2nd Lieutenant from the ETSC (now ETSU) ROTC Program.

Nichols spent seven years on active duty as a Field Artillery Officer. His first assignment after the Artillery Officer Basic Course and Airborne School was to the XVIII Airborne Corps Artillery. There he held a variety of increasingly responsible positions, some of which were Assistant Operations Officer, Battery Executive Officer and Battery Commander. His next assignment was in Vietnam, where he served as the Division Artillery Intelligence Officer in the 1st Infantry Division (Big Red One). After a year in Vietnam, he attended the Artillery Officer Career Course, followed by an assignment at the Artillery School as Chief of an Instructional Unit that taught Senior Officer Courses in Target Acquisition and Target Intelligence. Among his many decorations are two awards of the Bronze Star; six awards of the Air Medal, two of which are for Valor; two awards of the Army Commendation Medal; the Vietnamese Cross of Gallantry with Palm; and the Parachutist Badge.

Nichols began his civilian career at Citibank in New York City, an organization where he was employed for a total of 17 years. During a 37-year corporate career, he also worked at Dime Savings Bank of New York, Summit Bank (New Jersey's largest bank), and the Metropolitan Transportation Authority (MTA) of New York.

In the banking industry, Nichols started as an entry-level officer and progressed to Senior Vice President. He managed operations with budgets of more than \$15 million and staffs in excess of 5,000 located in five states and Puerto Rico. When he became a senior-level officer, he

managed divisions whose mission was to enable customers to bank at their convenience around the clock. His responsibilities included debit and credit cards, off-site ATM networks, web and telephone banking, and call centers. He was one of only two African Americans in the country at major banks who had responsibility for managing these cutting-edge technologies and products.

At the MTA, Nichols was responsible for conceptualizing, developing, training, and managing the customer service organization that supported the introduction of the MetroCard, a stored value fare collection system for the mass transportation system of New York City. Additionally, he was responsible for assembling and managing a sales force that sold pre-valued MetroCards to merchants throughout all five boroughs of the city.

Nichols is a charter member of the Urban Financial Services Coalition, now an international organization. He was selected as a “Corporate Achiever” by the *Minority Business Journal of New York and New Jersey*. At Summit Bank, he was selected as one of 25 Senior Vice Presidents who formed the bank’s High Potential Management Group. He has been named to *Who’s Who in New York State*.

Actively involved in the civil rights struggle, Nichols participated in marches and walked picket lines protesting segregated eating facilities and movie theaters in Fayetteville, North Carolina. He and a fellow Vietnam veteran, alone, integrated a skating rink in Lawton, Oklahoma. Nichols was a Vice President of the Central Long Island Branch of the NAACP. In that capacity, his primary responsibility was to investigate and rectify cases of racial discrimination in the workplace.

Nichols received his M.B.A. from Adelphi University’s Robert B. Willumstad School of Business, Garden City, New York. In 2013, he was inducted into the ETSU ROTC Hall of Fame, and in June 2016, he was selected as one of the inaugural inductees into the National Army ROTC Hall of Fame.

Candidates for Degrees

ACADEMIC REGALIA

The three academic degrees generally recognized are the bachelor's, the master's and the doctor's. The name of each degree seems to have been determined by medieval university custom. The bachelor's degree, the baccalaureate, takes its name directly from the medieval practice of "bachelors" wearing a garland of bayberries. The master's degree was equivalent to a license to teach, and sometimes was followed by the express words *Licentia Docendi*. The doctor's degree was originally a title of respect and a recognition of great learning. Today the doctor's degree indicates advanced study and independent research in a specialized field of learning, whereas honorary degrees are granted for meritorious service and for distinction in public or private endeavor. In the medieval university, students and teachers wore gowns indicating their status and scholastic achievement.

In 1895, an intercollegiate commission drafted a uniform code for the use of academic caps, gowns and hoods in the United States. This code is followed by approximately 95 percent of all colleges and universities. In 1932 and 1935 the American Council on Education reviewed and refined the American academic costume.

Those holding a bachelor's degree traditionally wear a gown of worsted material, fastened at the top, and distinguished by long pointed sleeves hanging nearly to the knees. The master's gown, worn open, is made either of worsted or silk, and has long closed sleeves with an arc appearing near the bottom and a slit for the arm near the middle of the sleeves. The doctor's gown, also worn open, is made of silk, faced with a broad strip of velvet, and has three bars of velvet on each sleeve.

A hood may be worn with the gown and is made of the same material. The master's hood is three and one-half feet long, faced with a three-inch strip of velvet; the doctor's hood is four feet long, faced with a five-inch strip of velvet. The color of the tassel or the velvet strip on the hood indicates the field of study in which the degree was earned or granted, as for example: **Agriculture** – Maize; **Arts, Letters, Humanities** – White; **Commerce, Accountancy, Business** – Drab; **Dentistry** – Lilac; **Economics** – Copper; **Education** – Light Blue; **Engineering** – Orange; **Fine Arts including Architecture** – Brown; **Forestry** – Russet; **Journalism** – Crimson; **Law** – Purple; **Library Science** – Lemon; **Medicine** – Green; **Music** – Pink; **Nursing** – Apricot; **Oratory (Speech)** – Silver Gray; **Pharmacy** – Olive Green; **Philosophy** – Dark Blue; **Physical Education** – Sage Green; **Public Administration including Foreign Service** – Peacock Blue; **Public Health** – Salmon Pink; **Science** – Golden Yellow; **Social Work** – Citron; **Theology** – Scarlet; **Veterinary Science** – Gray.

The appropriate cap for all degrees is the familiar black "mortarboard." A black tassel, or one of a color signifying the field of specialization, hanging to the left of the face, is appropriate for all degrees. Those holding a doctor's degree may wear a soft velvet cap of the color indicating their field of study, or with the "mortarboard" may wear a tassel in whole or in part of gold thread.

The Presidential Medallion

The presidential medallion is the traditional symbol of office worn at official functions. The design features a torch symbolizing learning; a wreath, symbol of victory, while the star ruby symbolizes excellence.

The Mace

The East Tennessee State University mace is an organic design in forged silver with an ebony handle. The form gives a circular impression, referring to the medieval concept of a heavy armor-breaking club yet losing its warlike appearance by becoming less solid and a more decorative symbol of the university as it encompasses global thinking. A central staff radiates the thrust of the rhythmical branches of the tree of knowledge; the heavier branches representing the well-established disciplines and the more delicate ones the beginnings and growth of the new.

The Flag

The flag of East Tennessee State University is of simple conception, yet representative of the rich heritage of the area and the aspirations of the university.

BANNERS

The Star-Spangled Banner

Oh say, can you see, by the dawn's early light,
What so proudly we hailed at the twilight's last gleaming?
Whose broad stripes and bright stars through the perilous fight,
O'er the ramparts we watched, were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there.
Oh say does that star-spangled banner yet wave
O'er the land of the free and the home of the brave?

Alma Mater

In the shadow of the mountains,
Under skies of blue,
Stands our dear old Alma Mater,
Glorious to view.
Sound the chorus, speed it onward;
Thee we'll never fail!
Hail to thee, our Alma Mater—
Hail to thee, all hail!

In thy halls we formed our friendships,
Dear old college home;
And to thee we pledge our hearts,
Wherever we may roam.
Sound the chorus, speed it onward;
Thee we'll never fail!
Hail to thee, our Alma Mater—
Hail to thee, all hail!
